Coach Drivers Code of Conduct

1. Vehicles should not exceed 20mph in the city centre.
2. Drivers should use dipped headlights at all times whilst in the city centre area.
3. Safe driving practices and exercising extreme caution should be adopted at all times whilst in the city centre, taking into consideration the large number of cyclists, motorcyclists and pedestrians, some of whom may walk onto the carriageway.
4. Ensure that all road signals are observed.
5. Do not block any marked crossings, yellow box junctions, including Metrolink tracks.
6. Ensure you drop off and pick up passengers in a designated coach drop off bay whenever possible, ensuring you are correctly parked and the passengers can alight safely onto the pavement.
7. Please observe the parking restrictions on the designated coach parking bays and ensure you do not park on a short term bay but proceed to a long-stay parking area and return for your clients at the correct time.
8. Ensure you follow any special instructions in place for coach drop off arrangements at large scale entertainment venues such as theatre and concert halls.
9. Please ensure that you co-operate with any instructions given by parking wardens or police officers.
10. Do not leave your engines running whilst parked as you are at risk of incurring a fixed penalty notice - this is especially of concern whilst parked in on-street bays adjacent to residential properties.

All coach parking bays are clearly marked. Look out for the following signs and road markings:

Metroshuttle Bus Service

Manchester has a free bus service operating three routes (green, orange and purple) around the city centre. Metroshuttle operates from 7am-7pm Monday to Saturday and 10am-6pm on Sundays approximately every 10 minutes taking visitors from car parks, stations and tram stops around the city centre's main attractions.
