ABOUT US

Based in one of Manchester's unique venues, the National Football Museum is a fantastic backdrop for a range of different events. Located in the city centre, right next to Victoria Station, we offer the perfect space to hire. Housed in the Urbis building, designed by Ian Simpson Architects, our six storey museum has a variety of areas to choose from.

As a registered charity (no: 1050792), all proceeds from our venue hire go directly to the charitable activities that we undertake. Our Football Creates programme works with schools and communities to enrich the lives of others with the game of our lives.

From dinners, awards ceremonies, parties, and brand activation events, the museum has spaces unlike anything else. Our events team will work with you to ensure that you and your guests have a truly memorable and distinctive event. Alongside this we can offer one of a kind experiences such as tours, handling sessions and curator talks tailored to your audience.

Our catering and bar teams offer delicious menus, bar options and excellent service. By outlining your requirements we will be able to advise you on the best option.

THE DUG OUT

FLOOR PLAN

The Dugout Cafe offers event planners an area which is light and airy in one of the most iconic buildings in Manchester.

The Dugout will complement the already popular Box Gallery – offering a great space for networking and breakouts as well as a lovely social area for lunch away from the main conference suite. Not forgetting views across the Cathedral Gardens and outside breakout space in the Summer months.
